Product specification

Size/dimension: 105X76/100,5X71,7X25,1 MM
Material no.: 3032950

Date: 19.01.2026

Can:		Drawing no.:17-80002
Dimension:		105X76/100,5X71,7X25,1 MM
Material:	EN 573-2 & EN541	Aluminum Serie 3000
Thickness:	EN 573-2 & EN541	0,215
Temper:	EN 573-2 & EN541	H46-48
Lacquering:	Inside BPA NI	6,8 g/m2 Gold lacquer
	Outside BPA NI	13,0 g/m2 White lacquer
	Outside	7,0 g/m2 Clear lacquer Modified polyester BPA NI

Total weight		
Net weight	8,900 G	+7,5/-10%

General statement regarding cans and can components for food products:

Cans and ends are manufactured according to Regulation (EU) No 2023/2006on Good Manufacturing Practice.

Internal coatings and sealants, if used, comply with the Regulations (EU) No 1935/2004, 1895/2005, and with the US FDA 21 CFR § 175.300.

All cans and ends comply with the European Directive 94/62 on packaging and packaging waste.

Metallic materials are suitable for recycling.

For condition of use and suitable food products see Declaration of Compliance.
